installatie - installation

Plaatsen gebeurt snel en eenvoudig, zonder droogtijd en zonder navoegen. Rechtstreeks lijmen op de wand of op bestaande tegels.

La pose se fait facilement par le collage, sans temps de séchage et sans rejointoyage ! Et vous pouvez le faire directement sur l'ancien carrelage, si besoin.

Installation is simple and quick, without drying time and without grouting. And this can be done directly on old tiles, without the need to remove them.
