

# *Artistique Fusion*

Give your walls an artistic personality

## Bringing Artistique Fusion to Life

Artistique Fusion embodies the perspective of finding beauty in imperfections. Inspired by the abstractness and flaws of everyday elements and nature around us, this range celebrates unstructured designs and displays how these can elegantly add a sense of personality and character to any space.

Combining the artistic expertise of our craftsmen with our unparalleled passion to innovate with Concrete, what you will see in this collection, is a curated line of designer wall finishes that can help you achieve a bespoke, statement interior to suit your personal style.

## —— **We work with you to achieve bespoke walls** ——

Nothing adds more credibility and meaning to our work than by helping our clients achieve highly personalised interiors that reflect their tastes. The imperfect, broken designs of this range can serve to the client's personality by being highly customizable by the following parameters:

1. Placement and Positioning

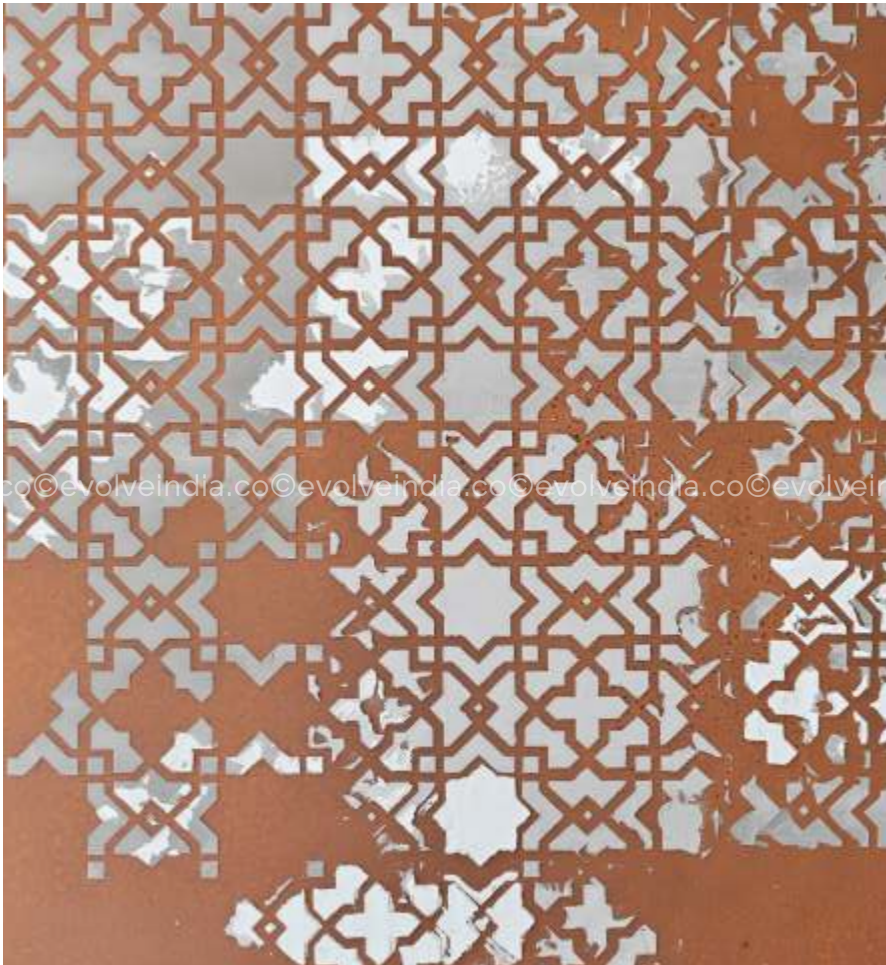

2. Material Composition

3. Colour

4. Supply Mode

## Customize by Placement and Positioning

We will work with you to achieve bespoke walls by creating a range of unique patterns for you to choose from.

## Customize by Materials

The designs of this range are manufactured using concrete and liquid metal. Depending upon what look you wish to create for your interiors, you can opt for finishes in either one of the two or a combination of both to match your design theme. Concrete finishes can offer a more raw, contemporary look, whereas liquid metal finishes can add an element of luxury and royalty to your space

## Customize by Colour

The colour you choose, is single handedly the most important factor to determine what kind of a mood you wish to create for your space. So, to help you achieve an interior of your aesthetic, the designs of this range can be customised in a wide array of colour options\* or they can simply be selected from our pre-set colour combinations.

\*Please Note: If you are looking for specific colour options, we can make samples to show you what can be achieved closest to your desired shade. These samples are available on request however will be manufactured on a chargeable basis.

## Customize by Supply Mode

You can achieve these designer wall finishes in two supply forms:

**On Site Application:** Evolve's team of professionals will visit the location and carry out the procedure of creating the wall finish you selected, on site\*

**Panels:** These designer wall finishes can also be achieved through prefabricated wall panels, that will be ready to install directly onto the wall at your

\*Please Note: For on site applications, no customization or modifications can be made at the site while the team is creating the finishes. The designs have to be predecided, prior to the on site application process.

# How to get started

## **Step 1:**

Choose a design from our design library

## **Step 2:**

We will provide you with a sketch to depict how the chosen design can be modified or customised as per your project requirements.\*

## **Step 3:**

Evolve's team of professionals will visit your site and create the finishes to give you a bespoke wall of your choice. If you opt for panels, these will be manufactured in our factory, and will be delivered to your desired location, only to be readily installed onto the wall.

\*Please Note: Representation of visual options will only be available once there is an official order confirmation from the client's end.
