3D PEEL & STICK SELF ADHESIVE
WALLING

SIZE : 15 X 60 CM

CUT

For using the 3D PEEL & STICK SELF ADHESIVE PANEL around the switches, Outlets, arches, and other small areas, you can cut the panels easily according to your requirement.

You can cut the materials by any wood or any tile cutting tool without any problem. All the tools which can work on a wood veneer or stone tile or ceramic tile will work on 3D PEEL & STICK SELF ADHESIVE WALLING.

PEEL OFF

Don't be hassle for applying 3D PEEL & STICK SELF ADHESIVE PANEL, applying of the panel is very easy and less time consuming. Once you've prepared your surface, all you have to do is peel off the backing to reveal the adhesive on the back side of the panel.

PASTE

Once you've peeled off the backing, lightly place the 3D PEEL & STICK SELF ADHESIVE PANEL onto the wall. Then, apply firm pressure evenly across the entire panel if you're sure about placement. Our special adhesive really sticks so you'll want to make sure it's in the right spot. Repeat the process with the rest of your panels.
